

Nong Lam University

Founded in Thu Duc District, Ho Chi Minh City in 1955, Nong Lam University is one of the first academic institutions providing training in forestry and agricultural sciences, supplying high-skilled human resources in different fields for Central Highland, Central Coast and Mekong Delta provinces. Its 118-ha main campus is 16 kms to the North of the city's central business district.

The university's 12 faculties and 2 departments provide undergraduate and postgraduate courses in 3 semesters a year. Its vision is to become an Asian leading multi-disciplinary research university of international standard.

Okayama University

In Chugoku Region, Okayama Prefecture, Okayama University is one of Japan leading universities with over 140 years of history. It is situated on an extensive campus and has 11 faculties, 7 graduate schools providing undergraduate and postgraduate training for currently 20,000 students in humanities, social, natural, environmental and life sciences, and pedagogics. It has 11 faculties, 7 graduate schools and various.

The university has achieved Japanese educational rewards such as Excellence in Research, Excellence in Education, Affordable Campus Life, Safe and Convenient, Friendly and Welcoming.

Summer School on “Environment and Sustainable Agriculture”

The Summer School on Environment and Sustainable Agriculture will be jointly organized by Okayama University and Nong Lam University during March 5-18th 2018 at Nong Lam University, Hochiminh City, Vietnam. Participants would benefit from not only provided knowledge on environment and sustainable agriculture, laboratory exercise and fieldtrip to Mekong Delta but also networking with other people with similar academic interest. It would be an outstanding opportunity for the participants to experience Japanese knowledge and skills. The subjects will be given by lecturers and professors from both Okayam University and Nong Lam University in English language.
